PRELIMINARY AMENDMENT

Dear Sir:

Preliminary to examination of the above-referenced patent application, please amend the application as follows.

In the Claims:

Please amend claims 1, 3 and 4 as follows.

50b>

Al

1. (Amended) A vehicle control system comprising a plurality of control devices which form a plurality of subsystems connected to respective controlled objects and a cooperative control device which cooperatively operates said plurality of control devices through a communication line, wherein

each of said plurality of control devices comprises an input/output control device for conducting input and output processing for the signals sent and received between said cooperative control device and said controlled objects; and
